This satellite map displays the Saale river basin in Saxony-Anhalt, Germany. The map features several key elements:

- Geographic Labels:** Towns and locations marked include Weißenfels, Lösau, Pörsten, Kölsen, Kleingörschen, Nellschütz, Borau/Kleben, Zorbau, Taucha, and Aupitz.
- Map Features:** The Saale river is shown as a prominent blue line. Areas of flooding or saturation are indicated by blue dotted patterns. Purple outlines delineate administrative district boundaries (Kreisgrenzen).
- Legend:** Located in the top right corner, it defines the symbols used: purple lines for district boundaries, blue dotted areas for flooded/saturated regions, blue lines for water bodies according to DGN 25, and green dots for groundwater level measurement stations.
- Scale and Metadata:** A scale bar at the top right indicates distances up to 1,800 meters. Metadata text below the legend identifies the data source as LVermGeo LSA and provides contact information for the Gewässerkundlicher Landesdienst.
